Press Release

Morris Plains, NJ, December 4th 2008

New Jersey Soccer Group Announces Partnership with ARPwave

The New Jersey Soccer Group; the management company of the Morris County Colonials, is partnering with ARPWave, a Millburn-based company whose revolutionary product allows athletes to prevent injury, accelerate recovery from all muscle injury and surgery and keep muscles fresh all season long and improve athletic performance.

Rob Napier, NJ Soccer Group's Director of Program Development, is excited about the partnership. "I am delighted ARPWave has recognized NJ Soccer Group's commitment to develop soccer excellence in New Jersey. By allowing our players of all ages the opportunity to recover quicker, they can do what they enjoy most: play soccer. The ARPWave program represents a huge benefit for players, parents and coaches as it gives players not only the quality physical treatment they need, but also the psychological boost necessary which is often a neglected issue for recovering players."

Debbie Gray, Owner of Accelerated Recovery and Performance Clinics commented on the new partnership: "Accelerated Recovery and Performance Clinic (ARP Clinic) is extremely excited to be working with the NJ Soccer Group. While obviously committed to developing young soccer players, NJ Soccer Group is also very focused on keeping their athletes strong and injury free.

Through our alliance, ARP Clinic will support the NJ Soccer Group by providing the ARPwave services of loosening and recovery to help prevent injury and the ARPwave protocols to accelerate recovery should a player become injured. At the Fort Dix Showcase tournament last weekend, Debbie and her associate Willie Kinsella, worked on the players before, between, and after games. This ARPwave loosening enabled the athletes' muscles to absorb more than ten times as much force and reduces their risk of injury by ten fold as well. One of the players, David Rappeport, has been playing all season with a groin strain and after being "ARP'd" said he hadn't felt that loose...well ever." Debbie Gray said, "We are looking forward to a long and fruitful relationship with the NJ Soccer Group and to keeping players on the field where they belong."

Local players, parents and coaches have a great opportunity to learn about the benefits of ARPWave this coming weekend with seminars on Saturday and Sunday. Saturday's seminar will take place at Morristown-Beard School, Morristown from 9:30am-12:30pm and Sunday's will be at Tenafly Racquet Club, on Sunday from 11am-2pm. To register, please email: debbie@arpwaveeast.com or call: 973-216-7379.

The Colonials are part of The New Jersey Soccer Group, a management company representing a family of soccer based organizations offering a full range of soccer services in northern New Jersey. The Colonials are the Northern NJ member of the National Premier Soccer League, an independent national league representing the highest level of amateur soccer in the United States.
